IDENTIPARK WEB PLUS

SOFTWARE DESCRIPTION

IdentiPark WebPLUS is the web based server software for the central warehousing of data from IdentiPark parking guidance sites. Identipark WebPLUS pulls data from the Identipark site and allows authorized users to access and remotely retrieve reports using standard web browsers.

IdentiPark WebPLUS also provide safe offsite storage of the IdentiPark database and configuration. IdentiPark WebPLUS uses a powerful report generating engine which provides sophisticated analysis, interpretation and presentation of the IdentiPark data

FEATURES

- Monitor IdentiPark parking facilities from anywhere in the world via the Internet
- Provides reports on the IdentiPark site data and other captured information
- User friendly date picker for easy date selection
- Report resolution in Yearly, Daily, weekly or Hourly intervals
- Multiple report configurations and formatting available
- Output in csv, pdf and excel formats.
- Reporting formatted in both graphical and spreadsheet format
- 2D or 3D representational graphing
- Data API for data integration with 3rd party systems.
- Scheduled automated reporting
- Integrate with HeadCount data if available

REPORTS

Total Vehicles	Gives an account of how many vehicles have entered the parking facility for a given period of time
Indicative Revenue	Provides an accurate estimate of the revenue expected from vehicle traffic in and out of the parking facility
Average Stay	Taking information from the bay monitoring system, the software is able to calculate the average stay of a vehicle in the parking facility
Occupancy	Shows an occupancy curve over a period of time for the site or specific zones or levels. This report indicates the busiest times of the day for the parking facility or its specific zones/levels
Party Size	Indicate the average people per vehicle by comparing HeadCount people entrances with IdentiPark parking points
Information Feed	Scheduled data feed in a preconfigured format using a range of secure Internet based delivery technologies
